

American Leader Selects 4Sight Business Intelligence for Property & Casualty.

American Leader selects the 4Sight business intelligence product for their organization.

Austin, TX —4Sight Business Intelligence, Inc., a leading provider of off-the-shelf property & casualty specific business intelligence products, announced that American Leader has chosen the 4Sight Business Intelligence for Property & Casualty solution for their P&C business.

“We need the ability to look at our business, quickly and easily, in many different ways. 4Sight provides exactly that,” said Marc Romanz, President of American Leader. “4Sight for P&C gives us the opportunity to create ad-hoc reports when and how we need them. We can also extend the reporting capability to our agents giving them access to vital information. ”

Romanz added that having the ability to use over 70 standard reports, dashboards, drill-downs and what-if capability, in addition to ad-hoc reporting, on day one is critical to their success.

"American Leader is implementing our standard P&C Business Intelligence model which allows them, in their case, to be in production within a few weeks.," explained Robert Clark, Development Director at 4Sight, "We have a standards based implementation methodology which provides our business intelligence solution to any size carrier quickly and at an extremely affordable price. We typically have carriers looking at reports in less than 45 days."

4Sight for Property & Casualty is a complete, affordable, solution with over 70 preconfigured reports, dashboards and hundreds of analytics. With “what-if” capabilities and ease-of-use, whether in Underwriting, Claims, Billing, management, reinsurance or other areas, you can find your answers. Our standardized processes allow us to typically have you viewing reports in less than 45 days! Made for carriers of all sizes. Such as American Alliance, Gateway Insurance, Mutual Aid Exchange, Chautauqua Patrons Insurance, Dallas National Insurance, American Leader, Artisan Contractors Insurance, American Physicians, AXA Re P&C, Great American and the NC Farm Bureau, among many others. We support multiple platforms (windows, UNIX, Linux, S/Z, iSeries, others) and your choice of database (SQL, Oracle, DB2, Image, others).
