

Artisan Contractors Selects 4Sight Business Intelligence for Property & Casualty.

Artisan Contractors selects the 4Sight business intelligence product for their organization.

Austin, TX —4Sight Business Intelligence, Inc., a leading provider of off-the-shelf property & casualty specific business intelligence products, announced that Artisan Contractors Insurance Company (ACIC) has chosen the 4Sight Business Intelligence for Property & Casualty solution for their P&C business.

“4Sight provides us with a huge number of reports, dashboards and the ability to easily do our own reports on day one.” said Jeffrey Schaff, President of ACIC. “In addition to letting us see our business all the way down to a state, line and specific agency, 4Sight for P&C also allows us to extend the reports and other features directly to our agents. ”

"Artisan is implementing our P&C Business Intelligence model which allows them to be in production within a few weeks." explained Robert Clark, Development Director at 4Sight, " Due to our standard based methodologies, we are able to implement our business intelligence solution to any size carrier quickly and at an extremely affordable price. We typically have carriers looking at reports in less than 45 days."

4Sight for Property & Casualty is a complete, affordable, solution with close to 100 preconfigured reports, dashboards and hundreds of analytics. With “what-if” capabilities and ease-of-use, whether in Underwriting, Claims, Billing, management, reinsurance or other areas, you can find your answers. The standardized processes allow carriers to typically have users viewing reports in less than 45 days! Made for carriers of all sizes.
