

Century Casualty Selects 4Sight Business Intelligence for Property & Casualty.

Century Casualty selects the 4Sight business intelligence product for their organization.

Austin, TX — 4Sight Business Intelligence, Inc., a leading provider of off-the-shelf property & casualty specific business intelligence products, announced that Century Casualty Company has chosen 4Sight Business Intelligence for Property & Casualty Insurance.

“We were looking for a business intelligence solution which would allow us to provide reports, dashboards and ad-hoc reporting capabilities to our users, both internal and external.” said Hugh Nelson, Senior Vice President of Century Casualty. “4Sight Business Intelligence for P&C provides us an affordable solution that provides excellent features without a tremendous amount of effort.”

"Carriers and MGAs of all sizes have multiple data sources and requirements for a single source of reporting coupled with the ability to expand as needed," explained Robert Clark, Development Director at 4Sight, "Century Casualty is now able to have enterprise business intelligence capabilities at a price point that fits their budget without sacrificing any functionality."

Mr. Nelson said they had were impressed with the experience of the staff and the ability of 4Sight to be able to bridge their systems, allowing them to have one source for all of their reporting needs without it becoming a major project with a long and costly implementation cycle.

Century Casualty Company is a Georgia-based property and casualty insurer specializing in commercial package policies of standard business risks. Century Casualty also provides underwriting management and policy processing services for group and association captive insurers.

4Sight for Property & Casualty is a complete, affordable, solution with close to 100 preconfigured reports, dashboards and hundreds of analytics. With “what-if” capabilities and ease-of-use, whether in Underwriting, Claims, Billing, management, reinsurance or other areas, you can find your answers. The standardized processes allow carriers to typically have users viewing reports in less than 45 days! Made for carriers of all sizes including American Alliance, Mutual Aid Exchange, AXA Re P&C, Dallas National Insurance, Artisan Contractors Insurance, Chautauqua Patrons Insurance, Preferred Auto, American Leader, American Physicians, Gateway Insurance, Great American and the NC Farm Bureau, among many others. We support multiple platforms (windows, UNIX, Linux, S/Z, iSeries, others) and your choice of database (SQL, Oracle, DB2, Image, others).
