

Dallas National Insurance Selects 4Sight Business Intelligence for Property & Casualty.

Dallas National Insurance selects the 4Sight business intelligence product for their organization.

Austin, TX —4Sight Business Intelligence, Inc., a leading provider of off-the-shelf property & casualty specific business intelligence products, announced that Dallas National Insurance has chosen the 4Sight Business Intelligence for Property & Casualty solution for their Worker's Compensation and other commercial lines of business.

"The moment we saw the system we could envision many different ways it could aid our business.. Having 70+ reports, dashboards, drag-and-drop ad-hoc reporting and what-if capabilities we will be able to provide users with exceptional reporting," said Eric Vogelsberg, CFO of Dallas National Insurance. "4Sight for P&C will help us monitor our business and help us look ahead in a time sensitive manner at all of our business. "

"Dallas National is migrating to a new policy administration suite and 4Sight will allow them to transition while providing a single source for reporting," explained Robert Clark, Development Director at 4Sight, "Due to our standards based methodologies, we are able to implement our business intelligence solution to any size carrier at an extremely affordable price. We typically have carriers looking at reports in less than 45 days.."

Mr. Vogelsberg said they are impressed not only by the product capabilities, but by the depth of experience and knowledge that 4Sight brings to the implementation.

4Sight for Property & Casualty is a complete, affordable, solution with over 70 preconfigured reports, dashboards and hundreds of analytics. With "what-if" capabilities and ease-of-use, whether in Underwriting, Claims, Billing, management, reinsurance or other areas, you can find your answers. The standardized processes allow carriers to typically have users viewing reports in less than 45 days! Made for carriers of all sizes. Such as American Alliance, Mutual Aid Exchange, AXA Re P&C, American Physicians, Great American and the NC Farm Bureau, among many others. We support multiple platforms (windows, UNIX, Linux, S/Z, iSeries, others) and your choice of database (SQL, Oracle, DB2, Image, others).
