

Indemnity Insurance Corp. Selects 4Sight Business Intelligence for Property & Casualty.

Indemnity Insurance selects the 4Sight business intelligence product for their organization.

Austin, TX — 4Sight Business Intelligence, Inc., a leading provider of off-the-shelf property & casualty specific business intelligence products, announced that Indemnity Insurance Corporation (IIC) has chosen 4Sight Business Intelligence for Property & Casualty Insurance.

“We were looking for a product that would give us quick access to reports and dashboards, as well as ad-hoc reporting.” said Jeffrey Cohen, President of Indemnity Insurance Corp. “4Sight Business Intelligence for P&C provides us the ability to get metrics on our business from any of the many variables that we have.”

"Our emphasis continues to be providing a product with easy installation and the ability to expand as needed which satisfies carriers of all sizes," explained Robert Clark, Development Director at 4Sight, "Indemnity Insurance represents a segment of the insurance industry that has a niche area of business with the same reporting needs of much larger standard-line carriers. 4Sight allows Indemnity to have this functionality at a price point that fits their budget while providing superior business intelligence capabilities."

Cohen said they were impressed with the product capabilities, the experience of the staff and their ability to extend the 4Sight product to meet their reporting needs without it becoming a major project with a long and costly implementation cycle.

4Sight for Property & Casualty is a complete, affordable, solution with close to 100 preconfigured reports, dashboards and hundreds of analytics. With “what-if” capabilities and ease-of-use, whether in Underwriting, Claims, Billing, management, reinsurance or other areas, you can find your answers. The standardized processes allow carriers to typically have users viewing reports in less than 45 days! Made for carriers of all sizes including American Alliance, Mutual Aid Exchange, AXA Re P&C, Dallas National Insurance, Artisan Contractors Insurance, Chautauqua Patrons Insurance, Preferred Auto, American Leader, American Physicians, Gateway Insurance, Great American and the NC Farm Bureau, among many others. We support multiple platforms (windows, UNIX, Linux, S/Z, iSeries, others) and your choice of database (SQL, Oracle, DB2, Image, others).
