

# Preferred Auto Insurance Selects 4Sight Business Intelligence for Property & Casualty.

*Preferred Auto selects the 4Sight business intelligence product for their organization.*

**Austin, TX** — 4Sight Business Intelligence, Inc., a leading provider of off-the-shelf property & casualty specific business intelligence products, announced that Preferred Auto Insurance Company has chosen 4Sight Business Intelligence for Property & Casualty Insurance.

“4Sight’s ad-hoc reporting ability impressed us immediately, along with the long list of standard reports, dashboards and the what-if capabilities.” said Jeff Kelley, President of Preferred Auto Insurance. “4Sight for P&C gives us the ability to create reports on the fly to help us respond quickly to information needs.”

"We focus on providing a product with an easy installation and the ability to expand as needed which satisfies any size carrier," explained Robert Clark, Development Director at 4Sight, "Preferred Auto Insurance represents a large segment of the insurance industry in that they are a smaller carrier with the same reporting needs of much larger carriers. 4Sight provides this functionality at a price point that fits their budget while providing superior business intelligence capabilities,"

Kelley said they had looked at a number of other alternatives and that 4Sight was the only one that provided such a rich user experience without it becoming a major project with a long and costly implementation cycle.

4Sight for Property & Casualty is a complete, affordable, solution with close to 100 preconfigured reports, dashboards and hundreds of analytics. With “what-if” capabilities and ease-of-use, whether in Underwriting, Claims, Billing, management, reinsurance or other areas, you can find your answers. The standardized processes allow carriers to typically have users viewing reports in less than 45 days! Made for carriers of all sizes including American Alliance, Mutual Aid Exchange, AXA Re P&C, Dallas National Insurance, Artisan Contractors Insurance, Chautauqua Patrons Insurance, American Leader, American Physicians, Gateway Insurance, Great American and the NC Farm Bureau, among many others. We support multiple platforms (windows, UNIX, Linux, S/Z, iSeries, others) and your choice of database (SQL, Oracle, DB2, Image, others).
