

# VGM Insurance Selects 4Sight Business Intelligence for Property & Casualty.

*VGM Insurance selects the 4Sight business intelligence product for their organization.*

**Austin, TX** — 4Sight Business Intelligence, Inc., a leading provider of off-the-shelf property & casualty specific business intelligence products, announced that VGM Insurance Company has chosen 4Sight Business Intelligence for Property & Casualty Insurance.

“4Sight’s ability to incorporate data from multiple sources is allowing us to have one single source for reporting from our systems.” said Tom Jones, President of VGM Insurance. “The 4Sight reports and dashboards, and especially their ad-hoc reporting, gives us a great way to provide more reporting capabilities to both our internal users as well as the agencies we work with.”

"Our emphasis continues to be providing a product with easy installation and the ability to expand as needed which satisfies carriers of all sizes," explained Robert Clark, Development Director at 4Sight, "VGM Insurance represents a growing number of clients who require the ability to see data from multiple systems in a single environment. "

Jones said that the 4Sight Business Intelligence for P&C tools give VGM the ability to provide all the features out-of-the-box with little effort and much less time and expense that they might otherwise have spent.

4Sight for Property & Casualty is a complete, affordable, solution with close to 100 preconfigured reports, dashboards and hundreds of analytics. With “what-if” capabilities and ease-of-use, whether in Underwriting, Claims, Billing, management, reinsurance or other areas, you can find your answers. The standardized processes allow carriers to typically have users viewing reports in less than 45 days! Made for carriers of all sizes including American Alliance, Mutual Aid Exchange, AXA Re P&C, Dallas National Insurance, Artisan Contractors Insurance, Chautauqua Patrons Insurance, Preferred Auto, American Leader, American Physicians, Great American and the NC Farm Bureau, among many others. We support multiple platforms (windows, UNIX, Linux, S/Z, iSeries, others) and your choice of database (SQL, Oracle, DB2, Image, others).
